

make **healthy** happen

Advocate Aurora Health Corporate Partners in Philanthropy

How to Get Involved

We know that a philanthropic decision is important to your business. Our Corporate Philanthropy Team will work with you to match your interests and priorities to an Advocate Aurora Health area of need where your resources can make the greatest impact, whether that be locally or throughout the region.

Donate to an Advocate Aurora Health program or service: You can designate your contribution to meet the philanthropic goals of your company or to support whatever is closest to the heart of your employees and clients.

Sponsor a special event: There are many events that benefit our hospitals and programs—from golf outings to black-tie galas. Events provide an opportunity to mingle with Advocate Aurora Health and other industry leaders, while raising funds for services and programs that benefit our patients and communities.

Volunteer your time: Looking for a way to bond with your employees while making a difference in your community? We can customize volunteer opportunities that will leave your staff and our patients smiling.

Benefits of being a Corporate Partner in Philanthropy

Investing in Advocate Aurora Health is a direct investment in your community's quality of life, which comes back to benefit the environment in which your business operates. Organizations who give an annual gift of \$10,000 or more are automatically part of Advocate Aurora Health's Corporate Partners in Philanthropy Program and are offered recognition opportunities and invitations to educational, networking and appreciation events throughout the year.
